Aluminum Forging Architectural Ornaments & Fittings

Creative Railing Ornaments

Welcome to HLJ Canada

—your source for architectural casting decorative.

- **About us**

- HLJ Canada is the North American sales operation of HLJ Casting and Tongda Foundry in China. HLJ Casting and Tongda Foundry are ISO 9001:2008 certified contract manufacturers of aluminum and iron casting products. HLJ Canada is conveniently located in Toronto, Canada, and provides real-time services to customers across the North America.

- **Specialties**

- Whether you are searching for the supplies of price sensitive iron or aluminum casting ornaments for the railings or gating, or if you need quality railing or fencing decorative for your railing project, HLJ Canada can be your solution.
- We offer full contract manufacturing services of iron and aluminum casting and forging components for railing and fencing. We provide expertise and exceptional service to best serve our customers. We manufacture ornamental ironwork, in copper, brass, aluminum, nickel, bronze, and wrought iron.

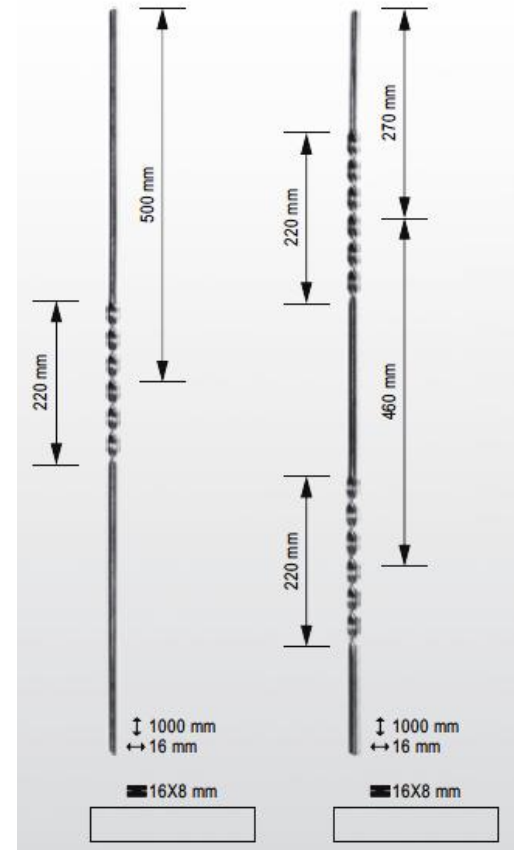

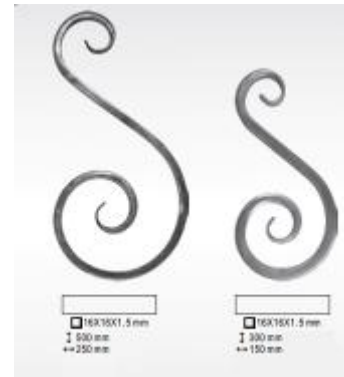

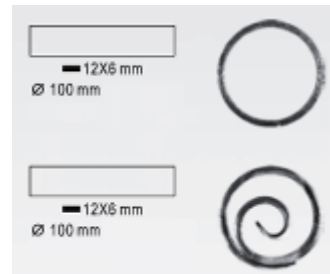

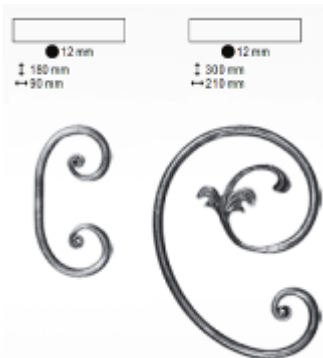

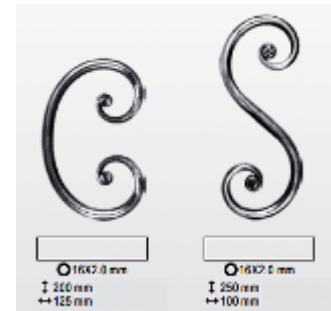

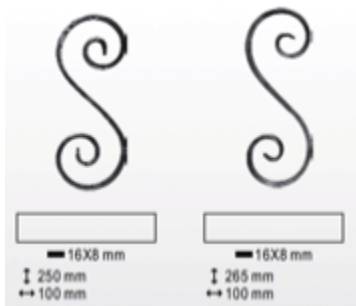

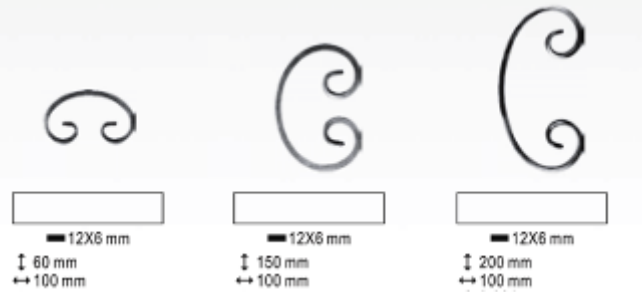

- **Quality Assurance**

- The difference with HLJ Canada is our beautiful systems require less installation time, which reduces labor costs. Plus, all products meet the highest international standards.
- Please take time to review the highlights of our products throughout the presentation, and then contact us today about how we can serve your needs.
